Please find below and/or attached an Office communication concerning this application or proceeding.

The time period for reply, if any, is set in the attached communication.

DETAILED ACTION

Response to Amendment

1. The reply filed on 06 February 2007 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): There are no pending claims, see discussion of election by original presentation below.

See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

Election/Restrictions

2. Newly amended submitted claims 89-111 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: Newly amended claims cancel limitations directed to displaying at least a portion of the another video transmission that was stored during said switch in response to another event, which is constructively elected by original prosecution and added new limitations directed to the graphical user interface, such as, receiving a selection from an EPG, displaying a interface other than the EPG and a user interface listing a plurality of programs to be televised on a given day at overlapping times.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for

prosecution on the merits. Accordingly, claims 89-111 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.
